

Model WHCRA Annual Notice

The following is language that group health plans may use as a guide when crafting the WHCRA annual notice:

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema? Call your plan administrator at 281-907-8600 for more information.
