

GLOBAL PURCHASING POLICY

Organization, Delegation of Authority and Integrity

- Independent, coordinated, business-based purchasing organizations with specific purchasing procedures that develop this Global Purchasing Policy
- Establishment of Delegation of Authority by business for its own applications, contracts and orders, as well as delegation in the negotiation of global agreements
- Alignment and support with the Code of Business Ethics, the Anti-Corruption Policy, the Corporate Social Responsibility Policy, the Environmental Policy, and the particular policies of the business they serve
- Purchasing systems designed and evolving to support these policies
