# FERROVIAL CONSTRUCCIÓN

## ISO 50001:2018

Issue 2

Scope:

### FERROVIAL CONSTRUCCIÓN, S.A.

Use and consumption of energy by the organisation's own resources for the activities of design and construction of civil engineering and building sites, as well as the conservation and maintenance of infrastructures

### COMPAÑÍA DE OBRAS CASTILLEJOS, S.A. (CASTILLEJOS)

Use and consumption of energy by the organisation's own resources for the activities of design and construction of civil engineering and building sites, as well as the conservation and maintenance of infrastructures

### FERROVIAL CONSERVACIÓN S.A. (FERCONSA)

Use and consumption of energy by the organisation's own resources for the activities of design and construction of civil engineering and building sites, as well as the conservation and maintenance of infrastructures

### DITECPESA

Use and consumption of energy by the organisation's own resources for the activities of Design and manufacture of asphalt emulsion and modified asphalt bitumen. Management of asphalt product facilities. Trading of asphalt bitumen.

### TECPRESA STRUCTURAL SOLUTIONS

Use and consumption of energy by the organisation's own resources for the activities of Design, manufacture and supply of slipform and execution of post-tensioning (viaducts, buildings, special structures, external post-tensioning system, reestresable post-tensioning, exchangeable post-tensioning). Incremental launching bridges. Stay cables. Pushing of caisson under railway and under road. Soil and structures retaining systems. Structures maintenance. Heavy lifting and equipment for handling heavy loads. Production of elements, components and equipment for post-tensioning and stay-cable. Consulting services in acoustical and vibration engineering. Supply and installation of noise reducing devices.

Technical Assistance and execution of slipform operations.

Design and construction of works with slipform. Design, construction, maintenance and repair of industrial chimneys. Design and execution of heavy lifting operations with hydraulic jacks.

Supply and maintenance of hydraulic jacks.
