

# Sustainable Infrastructure for a world on the move.

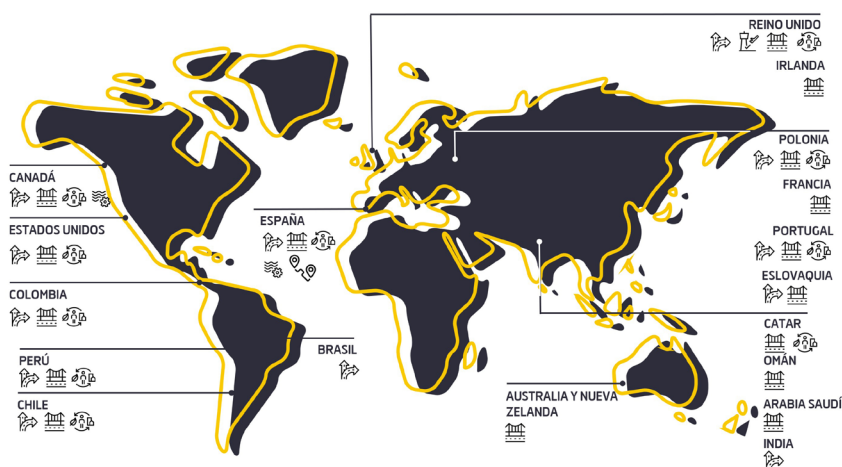

# ferrovial

Ferrovial, a leading global infrastructure operator, is committed to developing sustainable solutions. Founded in 1952, it is continuously recognized within the industry for its innovative projects, corporate social responsibility efforts, commitment to safety and sustainability, working environment, high ethical standards and management excellence.

Ferrovial is a member of Spain's blue-chip IBEX 35 index and included in the Dow Jones Sustainability Index and FTSE4Good; all its operations are conducted in compliance with the principles of the UN Global Compact, which the company adopted in 2002.

## Our Purpose

At Ferrovial, we're developing and operating innovative, efficient and sustainable infrastructure for a world on the move.
