IMPORTANT NOTICE

This Information Memorandum (together with any supplementary information memorandum and information incorporated herein by reference, the **Information Memorandum**) contains summary information provided by Ferrovial SE (the **Issuer** and, together with its consolidated subsidiaries, the **Group**) in connection with a Sustainability Target Euro-Commercial Paper Programme (the **Programme**) under which the Issuer may issue and have outstanding at any time short-term Euro-Commercial Paper notes (the **Notes**) under which the Issuer may issue and have outstanding at any time Euro commercial paper notes (the **Notes**) up to a maximum aggregate amount of €1,500,000,000 or its equivalent in alternative currencies. Under the Programme, the Issuer may issue Notes outside the United States pursuant to Regulation S (**Regulation S**) of the United States Securities Act of 1933, as amended (the **Securities Act**). Pursuant to the programme agreement dated 31 July 2023 (the **Programme Agreement**), the Issuer has appointed Kenta Capital Investment Management, S.A. (**Kenta Capital**) as arranger for the Programme (the **Arranger**) and Banca March, S.A., Banco de Sabadell, S.A., BNP Paribas, Bred Banque Populaire, Crédit Agricole Corporate and Investment Bank, ING Bank N.V. and NatWest Markets N.V. as dealers for the Programme and the Notes (each a **Dealer** and, together, the **Dealers**, which expression shall include any other dealer appointed from time to time by the Issuer either generally in respect of the Programme or in relation to a particular issue of Notes) and authorised and requested the Arranger and the Dealers to circulate the Information Memorandum in connection with the Programme on its behalf to purchasers or potential purchasers of the Notes.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OR ANY SECURITIES LAWS OF ANY STATE OF THE UNITED STATES AND MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S), UNLESS AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT IS AVAILABLE AND IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES AND ANY OTHER JURISDICTION.

The Notes have not been approved or disapproved by the United States Securities and Exchange Commission or any other securities commission or other regulatory authority in the United States, nor have the foregoing authorities approved this Information Memorandum or confirmed the accuracy or determined the adequacy of the information contained in this Information Memorandum. Any representation to the contrary is unlawful.

The Issuer accepts responsibility for the information contained in this Information Memorandum. To the best of the knowledge and belief of the Issuer (who has taken all reasonable care to ensure that such is the case), the information contained in this Information Memorandum is in accordance with the facts and does not omit anything likely to affect the import of such information.

Neither the Issuer, the Arranger, the Dealers, nor any institution subsequently appointed as a dealer pursuant to the Programme Agreement, accept any responsibility, express or implied, for updating the Information Memorandum and neither the delivery of the Information Memorandum nor any offer or sale made on the basis of the information in the Information Memorandum shall under any circumstances create any implication that the Information Memorandum is accurate at any time subsequent to the date thereof with respect to the Issuer or that there has been no change in the business, financial condition or affairs of the Issuer since the date thereof.

This Information Memorandum has been prepared in accordance with the templates and guidelines provided by the STEP Secretariat on the STEP market website (www.stepmarket.org). In accordance with the Short-Term European Paper (**STEP**) initiative, the Programme has been submitted to the STEP Secretariat in order to obtain the STEP label in respect of Notes to be issued with a maturity of not more than 364 days from (and including) the date of issue to (but excluding) the maturity date. The status of STEP compliance of the Programme can be determined from the STEP market website (www.stepmarket.org). This Information Memorandum should be read and construed with any supplementary information memorandum and with any document incorporated by reference. See section “*Documents incorporated by reference*”.

The Issuer has not authorised the making or provision of any representation or information regarding the Issuer or the Notes, other than as contained or incorporated by reference in this Information Memorandum, in the Programme Agreement (as defined herein), in any other document prepared in connection with the Programme or as approved for such purpose by the Issuer. Any such representation or information should not be relied upon as having been authorised by the Issuer, the Arranger or the Dealers.

Neither the Arranger, the Issuing and Paying Agent, nor any Dealer has independently verified the information contained in the Information Memorandum. Accordingly, no representation or warranty or undertaking (express or implied) is made, and no responsibility or liability is accepted by any of them as to the authenticity, origin, validity, accuracy or completeness of, or any errors in or omissions from, any information or statement contained in the Information Memorandum or in or from any accompanying or subsequent material or presentation.

The information contained in the Information Memorandum is not and should not be construed as a recommendation by any of the Issuer, the Arranger, the Issuing and Paying Agent, or the Dealers that any recipient should purchase Notes. Each such recipient must make and shall be deemed to have made its own independent assessment and investigation of the financial condition, affairs and creditworthiness of the Issuer and of the Programme as it may deem necessary and must base any investment decision upon such independent assessment and investigation and not on the Information Memorandum.

Neither the Arranger nor any Dealer undertakes to review the business or financial condition or affairs of the Issuer during the life of the Programme, nor do they undertake to advise any recipient of the Information Memorandum of any information or change in such information coming to their attention.

To the fullest extent permitted by law, neither the Arranger nor any Dealer accepts any liability in relation to this Information Memorandum or its or their distribution by any other person. The distribution of this Information Memorandum and the offering for sale of Notes or any interest in such Notes or any rights in respect of such Notes, in certain jurisdictions, may be restricted by law. Persons obtaining this Information Memorandum or any Notes or any interest in such Notes or any rights in respect of such Notes are required by the Issuer, the Arranger and the Dealers to inform themselves about and to observe any such restrictions. In particular, but without limitation, such persons are required to comply with the restrictions on offers or sales of Notes and on distribution of this Information Memorandum and other information in relation to the Notes set out under "*Selling Restrictions*" below.

Certain Dealers and their affiliates (including parent companies) have engaged, and may in the future engage, in lending, investment banking and/or commercial banking transactions with, and may perform services for, the Issuer and its affiliates in the ordinary course of business. In particular, in the ordinary course of their business activities, the Dealers and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of any of the Issuer or its affiliates. Certain Dealers or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Dealers and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in securities, including potentially the Notes issued under the Programme. The Dealers and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. For the purpose of this paragraph the term "affiliates" also includes parent companies.

A communication of an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (as amended, the **FSMA**)) received in connection with the issue or sale of any Notes will only be made in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer.

SUSTAINABILITY TARGET FEATURE

The description of the Sustainability Target feature of the Programme is not to be understood as a contractual commitment of the Issuer. The Notes issued under the Programme are not considered to be “Sustainability-Linked Notes” fully aligned with the ICMA Sustainability-Linked Bond Principles 2020 or any other market standard and their proceeds are not intended to be applied for the purposes of financing and/or refinancing, in whole or in part, “sustainable”, “green”, “social” or other equivalently-labelled projects, but for general funding purposes of the Group. Failure by the Issuer to comply with the provisions of the Framework or to achieve the SPTs (as defined below) by the Framework Target Observation Dates (as defined below) shall not constitute an event of default nor will the Issuer be required to repurchase or redeem any such Notes in such circumstances. The Issuer does not have any contractual liability towards investors of the Notes if it does not meet the SPTs described below. The Sustainability Target feature establishes that the Issuer intends to make the Donation in an amount equal to the Donation Amount by the relevant Donation Deadline if it does not achieve one or both of the SPTs by the Programme Target Observation Dates (as defined below). However, the Issuer is not contractually required to make the Donation and no financial consequences for the Issuer arise at all under the terms and conditions of the Notes in case the Issuer does not achieve one or both of the SPTs and no specific additional amounts, premium or margin will be paid to investors in the Notes.

The Framework, the Second Party Opinions and any External Verification Reports (as published from time to time on the Issuer’s website (<https://www.ferrovial.com>)) and their respective content do not form a part of or should in any way be considered as being incorporated by reference into this Information Memorandum and should not be relied upon in connection with making any investment decision with respect to the Notes. No Second Party Opinion Provider or External Verifier gives any recommendation to buy or sell any Notes nor any assurance or representation as to the suitability or reliability for any purpose whatsoever of any opinion, report, certification or validation of any third party in connection with the offering of any Notes. Any such opinion, report or certification and any other document related thereto is not, nor shall it be deemed to be, incorporated in and/or form part of this Information Memorandum.

Prospective investors should base any investment decision to purchase Notes solely on the information contained in this Information Memorandum and not on the basis on the Framework or any Second Party Opinion. Prospective investors should refer to the information set forth, or referred to in, under sections “*Information relating to the Sustainability Target feature*” and “*Risks related to the Sustainability Target feature*” and must determine for themselves the relevance of such information, together with any other investigation such investors deem necessary or appropriate and their own circumstances, for the purpose of any investment in the Notes.

None of the Arranger or the Dealers accepts any responsibility for any social, environmental and sustainability assessment of any Notes or makes any representation or warranty or assurance whether the Notes will meet any investor expectations or requirements regarding “ESG”, “green”, “sustainable”, “social” or similar labels. None of the Arranger or the Dealers shall monitor the Issuer’s Sustainability Target performance and no representation or assurance is given by the Dealers as to the suitability or reliability of any Second Party Opinion or External Verification Report (as defined below).

DOCUMENTS INCORPORATED BY REFERENCE

The following financial and other information shall be deemed to be incorporated in, and to form part of, this Information Memorandum from time to time:

On 16 June 2023, the Issuer and its sole shareholder, Ferrovial, S.A., then the parent company of the Group, merged, resulting in the Issuer being the surviving entity of such merger and, as a consequence, the parent company of the Group (the **Merger**). On 16 June 2023, the Merger was registered in the Dutch Trade Register (*Handelsregister*). Accordingly, as at the date of this Information Memorandum, the following financial statements of Ferrovial, S.A. and documents relating to the Merger shall be deemed to be incorporated in, and form part of, this Information Memorandum:

Any statement contained in a document incorporated by reference into this Information Memorandum or contained in any supplementary information memorandum or in any document incorporated by reference therein shall, to the extent applicable (whether expressly, by implication or otherwise), be deemed to modify or supersede earlier statements contained in this Information Memorandum or in a document which is incorporated by reference in this Information Memorandum. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Information Memorandum.

Except as provided above, no other information, including information on the website of the Issuer is incorporated by reference into this Information Memorandum.

This Information Memorandum should be read and construed with any supplementary information memorandum and with any other documents incorporated by reference in this document and, in relation to any issue of Notes, should be read and construed together, so that such amendment, supplement or other document is incorporated into, and forms part of, this Information Memorandum.

Each Dealer will, following receipt of such documentation from the Issuer, provide to each person to whom a copy of this Information Memorandum has been delivered, upon request of such person, a copy of any or all the documents incorporated herein by reference unless such documents have been modified or superseded as specified above. Written requests for such documents should be directed to the relevant Dealer at its office as set out at the end of this Information Memorandum.

Copies of the documents (or of the certain parts) specified above as containing information incorporated by reference in this Information Memorandum may be inspected, free of charge, during normal business hours, at the specified offices (which are set out below) of the Issuer and the Issuing and Paying Agent, or by e-mail, following the Noteholder's prior written request and provision of proof of holding and identity (in a form satisfactory to the Issuing and Paying Agent). The above documents can also be found in electronic format on the website of the Issuer (<https://www.ferrovial.com>).

TAX

No comment is made, and no advice is given by the Issuer, the Arranger or any Dealer, save as described in paragraph 1.23 below (*Description of the Programme – Taxation*) in respect of taxation matters relating to the Notes and each investor is advised to consult its own professional adviser.

EU BENCHMARK REGULATION

Interest and/or other amounts payable under the Notes may be calculated by reference to certain reference rates. Any such reference rate may constitute a benchmark for the purposes of Regulation (EU) 2016/1011 (the **EU Benchmark Regulation**). If any such reference rate does constitute such a benchmark, the Notes will indicate whether or not the benchmark is provided by an administrator included in the register of administrators and benchmarks established and maintained by the European Securities and Markets Authority (**ESMA**) pursuant to Article 36 (Register of administrators and benchmarks) of the EU Benchmark Regulation. Transitional provisions in the EU Benchmark Regulation may have the result that the administrator of a particular benchmark is not required to appear in the register of administrators and benchmarks at the date of the issuance of the Notes. The registration status of any administrator under the EU Benchmark Regulation is a matter of public record and, save where required by applicable law, the Issuer does not intend to update the Notes to reflect any change in the registration status of the administrator.

MiFID II PRODUCT GOVERNANCE / TARGET MARKET

Solely for the purposes of the Issuer's and any other manufacturer's product approval process in respect of a particular Note issue, the target market assessment in respect of any of the Notes to be issued off this Programme has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professionals only, each as defined in Directive 2014/65/EU (as amended, **MiFID II**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the Issuer's and any other manufacturer's target market assessment; however, a distributor to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the Issuer's and any other manufacturer's target market assessment) and determining appropriate distribution channels.

Solely by virtue of appointment as Arranger or Dealer, as applicable, on this Programme, neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purposes of the EU Delegated Directive 2017/593.

UK MiFIR PRODUCT GOVERNANCE / TARGET MARKET

Solely for the purposes of the manufacturers' or, as applicable, each manufacturer's product approval process in respect of a particular Note issue, the target market assessment in respect of any of the Notes to be issued

off this Programme has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook (**COBS**), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 (**UK MiFIR**); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturers' or, as applicable, each manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the **UK MiFIR Product Governance Rules**) is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' or, as applicable, each manufacturer's target market assessment) and determining appropriate distribution channels.

Solely by virtue of appointment as Arranger or Dealer, as applicable, on this Programme, neither the Arranger nor the Dealers nor any of their respective affiliates will be a manufacturer for the purpose of the UK MiFIR Product Governance Rules.

Where the Information Memorandum refers to the provisions of any other document, such reference should not be relied upon and the document must be referred to for its full effect.

For these purposes, **IFRS-EU** refers to the International Financial Reporting Standards as adopted by the European Union (**EU**).

The language of the Information Memorandum is English. Any foreign language text that is included with or within this document has been included for convenience purposes only and does not form part of the Information Memorandum.

INFORMATION RELATING TO THE SUSTAINABILITY TARGET FEATURE

On 30 March 2023, Ferrovial, S.A., which on 16 June 2023 merged with the Issuer, adopted the Group’s Sustainability-Linked Financing Framework (the **Framework**) in order to connect its future financings with its sustainability goals. The Framework contains certain sustainability performance targets relating to key performance indicators (**KPIs**) including (i) a percentage reduction in Scope 1 and 2 Greenhouse Gases (**GHG**) emissions of the Group, taking 2009 as baseline year (the **GHG SPT**); and (ii) a percentage reduction in the serious injuries and fatality frequency rate for the Group, taking 2019 as baseline year (the **HS SPT**, and together with the GHG SPT, the **SPTs**). Under the Framework, the final and interim targeted percentage reductions for each SPT for each relevant target observation date (each a **Framework Target Observation Date**) are set out in the table below:

***SPTs – Framework Target Observation Dates and Reduction Targets
(from relevant baseline year)***

SPT	Interim		Final
	31 December 2023	31 December 2024	31 December 2025
GHG SPT	23.53%	25.21%	26.9%
HS SPT	19.3% ¹	28.7% ²	35% ³

The Issuer has obtained from a provider of second party opinions, DNV Business Assurance España, S.L. (**DNV** or the **Second Party Opinion Provider**), a second party opinion (the **Framework Second Party Opinion**) confirming the alignment of the Framework with, among others, ICMA’s Sustainability-Linked Bond Principles 2020 (the **ICMA SLBPs**). In addition, the Issuer has engaged PricewaterhouseCoopers, S.L. in connection with the GHG SPT and Ernst & Young, S.L. in relation to the HS SPT (each, as replaced from time to time, an **External Verifier**) as independent institutions to conduct the relevant assessments and verifications of the Issuer’s performance in relation to the KPIs to enable the Issuer to ascertain the achievement or not by the Issuer of its SPTs on each Framework Target Observation Date and produce reports expressing the results observed (each an **External Verification Report**).

The Issuer may, at its sole discretion, engage with other qualified independent institutions in the future to issue any second party opinions or conduct the relevant assessments and verifications of the Issuer’s performance in relation to the KPIs on each Framework Target Observation Date and produce any External Verification Reports. Each External Verification Report will be published and made available on the Issuer’s website (<https://www.ferrovial.com>)

The Framework Target Observation Dates for the assessment of the achievement of the SPTs in relation to the Programme will be 31 December 2023 (the **First Programme Target Observation Date**), 31 December 2024 (the **Second Programme Target Observation Date**) and 31 December 2025 (the **Third Programme Target Observation Date**, and together with the First Programme Target Observation Date and the Second Programme Target Observation Date, the **Programme Target Observation Dates**). In particular, with respect to the Programme, within 150 days from each Programme Target Observation Date, the relevant External Verifier will issue an External Verification Report confirming if the Issuer has achieved, or not, the relevant SPT. Should the External Verification Report determine that the Issuer has failed to achieve the relevant SPT to which it relates (or if, for any reason, the performance level against an SPT cannot be calculated or observed as prescribed), the Issuer intends, within 365 days from the issuance of the relevant External Verification Report (the **Donation Deadline**), to contribute the Donation Amount (as defined below) to fund: (i) projects

¹ Equivalent to a 10% reduction by 31 December 2023, taking 2022 as baseline year.

² Equivalent to a 19% reduction by 31 December 2024, taking 2022 as baseline year.

³ Equivalent to a 27.1% reduction by 31 December 2025, taking 2022 as baseline year.

promoted by the Issuer for the development of infrastructure to guarantee the access of vulnerable individuals located in South America, Asia and Africa to water and sanitation; or (ii) certain social projects promoted by the Issuer via “Juntos Sumamos”; or (iii) other environmental (e.g. deforestation projects) or social projects promoted by the Issuer (the **Donation**). It is the Issuer’s intention to make the Donation in the Donation Amount (as defined below) by the relevant Donation Deadline for each SPT that it fails to achieve by each Programme Target Observation Date. Any Donation will need to comply with the Issuer’s third-party due diligence internal policy, which establishes the due diligence procedures to be followed when the Issuer enters into agreements of any nature with third parties.

The **Donation Amount** will be determined as the lowest of:

(i) €20,000 * number of days of the Measurement Period / 365; or

(ii) \sum Daily Outstanding Amount of Notes / number of days of the Measurement Period * Donation Rate.

where:

Daily Outstanding Amount means, on a day, the total nominal amount in euros of outstanding Notes, issued under the Programme on that day. Notes issued in currencies different from the euro will be converted into euro based on the relevant exchange rate against euro determined by reference to WM / Refinitiv MID (WMR03) where the specified time is 04:00 p.m. London time on the Issue Date of the relevant Notes. Notes issued by the Issuer under any previous or subsequent euro-commercial paper programme will, to the extent outstanding on any day in a Measurement Period, be deemed to be Notes issued under the Programme for the purposes of determining the Daily Amount Outstanding on that day.

Measurement Period means the period from and including (i) 31 July 2023 to and including 31 December 2023 for the First Programme Target Observation Date; (ii) 1 January 2024 to and including 31 December 2024 for the Second Programme Target Observation Date; and (iii) 1 January 2025 to and including 31 December 2025 for the Third Programme Target Observation Date.

Donation Rate means 0.005%.

The Issuer (formerly Ferrovial, S.A.) has assumed a commitment to make an analogous donation (the **Existing Programme Donation**) under its Sustainability Target Euro-Commercial Paper Programme registered with Euronext Dublin on 30 March 2023 (the **Existing Programme**). For the purposes of calculating the amount of the Existing Programme Donation under the Existing Programme (the **Existing Programme Donation Amount**), the daily amount outstanding of notes issued by the Issuer under previous or subsequent euro-commercial paper programmes (including the Programme) are taken into account in the same manner as above. Consequently, to the extent Notes issued under the Programme have been taken into account to calculate the Existing Programme Donation Amount, the Issuer shall adjust the Donation Amount to disregard such Notes *provided that* (a) the aggregate of the Donation Amount and the Existing Programme Donation Amount is the same amount as the Donation Amount would have been had no adjustment been made; and (b) the Issuer informs the Noteholders of such adjustment and its calculations related thereto.

After each Programme Target Observation Date and once the relevant External Verification Report has been issued by the relevant External Verifier, the Issuer will promptly publish by way of a notice in its website (<https://www.ferrovial.com>) the achievement or non-achievement of the relevant SPT. In addition, should the External Verification Report confirm that the Issuer has failed to achieve an SPT by the relevant Programme Target Observation Date (or if, for any reason, the performance level against an SPT cannot be calculated or observed as prescribed), the Issuer will publish by way of a notice in its website (<https://www.ferrovial.com>) the making of the Donation and the Donation Amount promptly afterwards.

The Issuer has obtained from DNV a second party opinion (the **Programme Second Party Opinion** and, together with the Framework Second Party Opinion, the **Second Party Opinions**) relating to the alignment of

the Programme with the ICMA SLBPs. DNV confirms that, as at the date of the Programme Second Party Opinion, there are no international standards and guidance for sustainability-linked short-term debt instruments. Accordingly, the Programme Second Party Opinion confirms the alignment of the Sustainability Target feature with four of the five core components of the ICMA SLBPs, but not with respect to the core component of the ICMA SLBPs relating to the impact on the economic characteristics of the instruments.

The Issuer continuously reviews its Framework and the SPTs and KPIs contained therein. In the event of significant or material changes to the industry-wide methodologies, standards and guidelines are available to the Group for the purpose of their calculation, or the perimeter or methodology of the Framework, the Issuer may proceed to recalculate baseline years for or adjust the scope of KPIs and, consequently, related SPTs, which may result in the update or modification of the Framework. Any such updates or modifications will be subject to the prior approval of a qualified provider of second party opinions if not minor in nature.

The Framework and the Second Party Opinions are and will be accessible on the Issuer's website (<https://www.ferrovial.com>). Upon any updates, replacements or modifications of the Framework or any Second Party Opinion (including the revocation thereof), the Issuer will promptly publish by way of a notice in its website (<https://www.ferrovial.com>) such circumstance and will publish such updated, replaced or modified Framework or Second Party Opinion in its website (<https://www.ferrovial.com>).

Risks related to the Sustainability Target feature

The Notes may not be a suitable investment for all investors seeking exposure to assets with sustainability characteristics

The Notes issued under the Programme are not considered to be or marketed as “Sustainability-Linked Notes” that align with the ICMA SLBP, “Green Notes”, “Social Notes” or “Sustainability Notes” and their proceeds are not intended to be applied for the purposes of financing and/or refinancing, in whole or in part, “sustainable”, “green”, “social” or other equivalently-labelled projects, but for general funding purposes of the Group. Accordingly, the Issuer does not commit to (i) allocating the net proceeds of any issue of Notes specifically to projects or business activities meeting sustainability criteria or (ii) being subject to any other limitations or requirements regarding the use of proceeds that may be associated with green, social or sustainability bonds.

In addition, as reflected in DNV's Second Party Opinion relating to the Programme, there are currently no internationally recognised and widely followed principles for sustainability-linked short-term debt instruments such as the Notes. In particular, the short-term debt instrument nature of the Notes impedes their full alignment with principle 3 of the ICMA SLBP relating to the impact in the financial structure of a debt instrument as a consequence of the non-compliance by the Issuer with its self-determined SPTs. The ICMA SLBP have been established with reference to longer maturity debt instruments such as, amongst others, euro medium term notes. As a result and notwithstanding the Issuer's intention to contribute the Donation to certain projects (see “*Information relating to the Sustainability Target feature*”) upon determination by the relevant External Verifier of failure to achieve an SPT by the relevant Programme Target Observation Date, the Notes cannot be considered “Sustainability-Linked Notes”. In consequence, the Notes may not satisfy an investor's sustainability or environmental criteria or requirements or any current or future legal, quasi-legal or market standards or taxonomies for investment in assets with green, social, sustainability or sustainability-linked characteristics.

Separately, the payment by the Issuer of the Donation will depend on the Issuer's achievement of the SPTs by the relevant Programme Target Observation Date, which may be inconsistent with, or insufficient to, satisfy investor targets, requirements or expectations. Moreover, sustainability features continuously evolve and there is no assurance that the Sustainability Target feature of the Programme, the SPTs themselves or the KPIs used for their determination will satisfy official regulatory or investor requirements going forward or any future legal, quasi-legal or market standards or taxonomies for investment in assets with “green”, “social”, “sustainability” or “sustainability-linked” characteristics. Prospective investors in any Notes should review the

information set out herein and must determine for themselves the relevance of such information for the purposes of any investment in the Notes, together with any other investigation such investor deems necessary.

The KPIs and SPTs are specifically tailored to the Issuer and the Group's business, operations and capabilities, and may not be appropriate to benchmark against similar sustainability performance targets of other issuers and their related performance. No assurance is nor can be given to investors by the Issuer, the Arranger, the Dealers, any other agent, the Second Party Opinion Provider, any External Verifier, or any other person that any Notes will meet any or all investor expectations regarding the Notes or any SPTs qualifying as "sustainable" or "sustainability-linked", or that any adverse environmental, social and other impacts will not occur in connection with the Issuer striving to achieve the SPTs, or the use of the net proceeds from the offering of any Notes.

The Issuer may not achieve the SPTs and failure to achieve them will not have a financial impact on the Notes

The Issuer needs to devote significant efforts and resources to achieve the SPTs, which is not guaranteed. The Issuer's efforts in achieving or failing to achieve the SPTs by each Programme Target Observation Date may be subject to scrutiny or be criticised by activist groups or other stakeholders, which may in turn have a negative reputational impact on the Issuer.

After each Programme Target Observation Date and once the relevant External Verification Report has been issued by the relevant External Verifier, the Issuer will promptly publish by way of a notice in its website (<https://www.ferrovial.com>) the achievement or non-achievement of the relevant SPT. In addition, should the External Verification Report confirm that the Issuer has failed to achieve an SPT (or if, for any reason, the performance level against an SPT cannot be calculated or observed as prescribed), the Issuer will within 365 days from the issuance of the relevant External Verification Report publish by way of a notice in its website (<https://www.ferrovial.com>) the making of the Donation and the Donation Amount. Failure by the Issuer to achieve any SPT, pay the Donation or publish such circumstance in the manner described above shall not constitute an event of default nor will the Issuer be required to repurchase or redeem any such Notes in such circumstances. The Issuer does not have any contractual liability towards investors of the Notes if it does not meet the SPTs by each Programme Target Observation Date. The Sustainability Target feature establishes that the Issuer intends to make the Donation in an amount equal to the Donation Amount by the relevant Donation Deadline if it does not achieve one or both of the SPTs by the Programme Target Observation Dates. However, the Issuer is not contractually required to make the Donation and no financial consequences for the Issuer arise at all under the terms and conditions of the Notes in case the Issuer does not achieve one or both of the SPTs and no specific additional amounts, premium or margin will be paid to investors in the Notes.

No assurance or representation is given as to the suitability or reliability for any purpose whatsoever of any opinion (including any Second Party Opinion), report, certification or validation of any third party in connection with the offering of any Notes or any SPT set to fulfil any sustainability, sustainability, environmental, social or other criteria. Any such opinion, report or certification is not, nor shall it be deemed to be, incorporated in or form part of this Information Memorandum

The Issuer has obtained Second Party Opinions in connection with the Framework and the Programme. The Second Party Opinion Provider and providers of similar opinions, certifications and validations are not currently subject to any specific regulatory or other regime or oversight. Any such opinion or certification is not, and should not be deemed to be, a recommendation by the Issuer, the Arranger, the Dealers, any other agent, the Second Party Opinion Provider, any External Verifier, or any other person to buy, sell or hold Notes, and holders of the Notes would have no recourse against any of the above for the contents of any such opinion or certification, which is only current as at the date it was initially issued. The Second Party Opinion Provider and providers of similar opinions, certifications and validations are exposed to reputational and operational risks and their reliability and credibility may decrease or become impaired in the future by, for example, inaccuracies contained in prior opinions issued for issuers of sustainability-linked notes or other external factors not currently foreseen. Prospective investors must determine for themselves the relevance of any such

opinion, certification or validation, the information contained therein and the provider of such opinion, certification or validation, for the purposes of any investment in any Notes.

Any withdrawal of any such opinion or certification or any such opinion, certification or validation attesting that the Issuer is not complying in whole or in part with any matters for which such opinion, certification or validation is opining or certifying on, may have a material adverse effect on the value of any Notes and result in adverse consequences for certain investors with portfolio mandates to invest in securities to be used for a particular purpose. Any such opinion, report or certification is not, nor shall it be deemed to be, incorporated in or form part of this Information Memorandum.

The calculation of the SPTs, their baselines and the KPIs may change over time

Industry-wide methodologies, standards and guidelines are available to the Group for the purpose of calculating the Scope 1 and 2 GHG emissions KPI in relation to the GHG SPT. Nevertheless, no such methodologies, standards and guidelines are available to the Group for the purpose of calculating the serious injury and fatality frequency rate KPI and, therefore, an internal methodology for the homogenisation and consolidation of the calculations of such KPI has been defined and developed, and is regularly reviewed by an External Verifier. Such calculations determine the Issuer's ability to achieve the SPTs, and failure to achieve the SPTs could in turn adversely affect the Issuer and the Group's reputation. In the event of significant or material changes to the industry-wide methodologies, standards and guidelines are available to the Group for the purpose of their calculation, or the perimeter or methodology of the Framework, the Issuer may proceed to recalculate baseline years for or adjust the scope of KPIs and, consequently, related SPTs, which may result in the update or modification of the Framework.

Whilst, as at the date of this Information Memorandum, the Framework has the benefit of the Second Party Opinion issued by DNV and, in accordance with the Framework, any updates or modifications thereof will be subject to prior approval by a qualified provider of second party opinions if not minor in nature, there can be no assurance that a second party opinion will be obtained in respect of the Framework as so amended or updated from time to time.

If the Issuer is required by law or regulation to make any deduction or withholding for or on account of Taxes, the Issuer shall, to the extent permitted by applicable law or regulation, pay such additional amounts as shall be necessary in order that the net amounts received by the bearer of this Global Note or the holder or beneficial owner of any interest herein or rights in respect hereof, after such deduction or withholding shall equal the amount which would have been receivable hereunder in the absence of such deduction or withholding, except that no such additional amounts shall be payable:
 - (a) to, or to a third party on behalf of, the bearer of this Global Note or the holder or beneficial owner of any interest herein or rights in respect hereof where such deduction or withholding is required by reason of the holder having some connection with the Netherlands, other than the mere holding of and payment in respect of this Global Note; or

 - (c) to, or to a third party on behalf of, a holder who is able to lawfully avoid such withholding or deduction by satisfying any statutory requirements or by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority (but fails to do so); or
 - (d) where such withholding or deduction is required to be made pursuant to the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*); or
 - (e) to, or to a third party, on behalf of, a holder who would have been able to fully or partially avoid such withholding or deduction by (i) presenting this Global Note to another paying agent in a member state of the European Union or (ii) authorising the relevant paying agent to report information in accordance with the procedure laid down by the relevant tax authority or by delivering, in the form required by the relevant tax

authority, a declaration, claim, certificate, document or other evidence establishing exemption or reduction therefrom.

Notwithstanding any other provision of this Global Note, in no event will the Issuer be required to pay any additional amounts in respect of the Notes for, or on account of, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended, (the **Code**), or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, or any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

5. If the Maturity Date or, if applicable, the relevant Interest Payment Date is not a Payment Business Day (as defined herein), payment in respect hereof will not be made and credit or transfer instructions shall not be given until the next following Payment Business Day (unless that date falls more than 364 days after the Issue Date, in which case payment shall be made on the immediately preceding Payment Business Day) and the bearer of this Global Note or the holder or beneficial owner of any interest herein or rights in respect hereof shall not be entitled to any interest or other sums in respect of such postponed payment.

As used in this Global Note:

Payment Business Day, as used herein, shall mean (a) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (**T2**) System or any successor thereto (the **T2 System**) is open for the settlement of payments in euro (a **T2 Business Day**); or (b) in relation to a payment to be made other than in euro, any day other than a Saturday or Sunday a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the principal financial centre of the country of the Specified Currency set out above,

provided that if the Issuing and Paying Agent determines with the agreement of the Issuer that the market practice in respect of euro denominated internationally offered securities is different from that specified above, the above shall be deemed to be amended so as to comply with such market practice and the Issuing and Paying Agent shall procure that a notice of such amendment is published in accordance with paragraph 19 not less than 15 days prior to the date on which any payment in euro falls due to be made in such manner as the Issuing and Paying Agent may determine.

6. The Issuer or any subsidiary of the Issuer may at any time purchase Notes in the open market or otherwise and at any price.
7. All Notes so purchased by the Issuer or otherwise than in the ordinary course of business of dealings in securities or as a nominee shall be cancelled and shall not be reissued or resold. All Notes so purchased by any subsidiary of the Issuer may be cancelled, held by such subsidiary or resold.
8. The payment obligation of the Issuer represented by this Global Note constitutes and at all times shall constitute a direct and unsecured obligation of the Issuer ranking at least *pari passu* with all other present and future unsecured and unsubordinated indebtedness of the Issuer other than obligations preferred by mandatory provisions of law applying to companies generally.
9. This Global Note is negotiable and, accordingly, title hereto shall pass by delivery and the bearer shall (except as otherwise required by applicable law or regulatory requirements) be treated as being absolutely entitled to receive payment upon due presentation hereof (notwithstanding any notation of ownership or other writing hereon or notice of any previous

loss or theft thereof) free and clear of any equity, set-off or counterclaim on the part of the Issuer against any previous bearer hereof.

10. This Global Note is issued in respect of an issue of Notes of the Issuer and is exchangeable in whole (but not in part only) for duly executed and authenticated bearer Notes in definitive form in the following circumstances, whether before, on or, subject as provided below, after the Maturity Date:
- (a) if the clearing system(s) in which this Global Note is held at the relevant time is closed for a continuous period of 14 days or more (other than by reason of weekends or public holidays statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
 - (b) if default is made in any payment in respect of this Global Note; or
 - (c) if the Notes are required to be removed from Euroclear, Clearstream, Luxembourg or any other clearing system and no suitable (in the determination of the Issuer) alternative clearing system is available.

Upon presentation and surrender of this Global Note during normal business hours to or to the order of the Issuing and Paying Agent (or to any other person or at any other office outside the United States as may be designated in writing by the Issuer to the bearer) on behalf of the Issuer, the Issuing and Paying Agent shall authenticate and deliver, in exchange for this Global Note, bearer definitive notes denominated in the above-mentioned Specified Currency in an aggregate nominal amount equal to the Nominal Amount of this Global Note.

11. If, upon any such default and following such surrender, definitive Notes are not issued in full exchange for this Global Note before 5.00 p.m. (London time) on the thirtieth day after surrender, this Global Note (including the obligation hereunder to issue definitive notes) will become void and the bearer will have no further rights under this Global Note (but without prejudice to the rights which the bearer or any other person may have under a Deed of Covenant dated 31 July 2023 entered into by the Issuer).
12. If this is a fixed interest bearing Global Note, then:
- (a) notwithstanding the provisions of paragraph 1 above, if any payment of interest in respect of this Global Note falling due for payment prior to the above-mentioned Maturity Date remains unpaid on the fifteenth day after falling so due, the amount referred to in paragraph 1 shall be payable on such fifteenth day;
 - (b) upon each payment of interest (if any) prior to the Maturity Date in respect of this Global Note, (i) if this Global Note is not in New Global Note form, the Schedule 1 hereto shall be duly completed by the Issuing and Paying Agent to reflect such payment, or (ii) if this Global Note is in New Global Note form, details of such payment shall be entered *pro rata* in the records of the ICSDs;
 - (c) payments due in respect of Notes for the time being represented by this Global Note shall be made to the bearer of this Global Note and each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries referred to in paragraph 12(b)) above shall not affect such discharge; and
 - (d) if no Interest Payment Dates are specified on the face of this Global Note, the Interest Payment Date shall be the Maturity Date.

13. If this is a fixed rate interest bearing Global Note, interest shall be calculated on the Nominal Amount as follows:
- (a) interest shall be payable on the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days or, if this Global Note is denominated in Sterling, 365 days at the above-mentioned Fixed Interest Rate with the resulting figure being rounded to the nearest amount of the above-mentioned Specified Currency which is available as legal tender in the country or countries (in the case of the euro) of the Specified Currency (with halves being rounded upwards); and
 - (b) the period beginning on (and including) the Issue Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date is an **Interest Period** for the purposes of this paragraph.
14. If this is a floating rate interest bearing Global Note, interest shall be calculated on the Nominal Amount as follows:
- (a) the Rate of Interest will be the aggregate of EURIBOR and the Margin (if any) above or below EURIBOR. Interest shall be payable on the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days.

As used in this Global Note:

EURIBOR shall be equal to EUR-EURIBOR-Reuters (as defined in the 2006 ISDA Definitions) or EUR-EURIBOR (as defined in the 2021 ISDA Definitions) as at 11:00 a.m. (Brussels time) or as near thereto as practicable on the second T2 Business Day before the first day of the relevant Interest Period (a **EURIBOR Interest Determination Date**), as if the Reset Date (as defined in the ISDA Definitions) were the first day of such Interest Period and the Designated Maturity (as defined in the ISDA Definitions) were the number of months specified on the face of this Global Note in relation to the Reference Rate; and

ISDA Definitions means the 2021 ISDA Definitions published by the International Swaps and Derivatives Association, Inc., as amended, updated or replaced at the Issue Date,

- (b) the Calculation Agent will, as soon as practicable after 11:00 a.m. (Brussels time) on each EURIBOR Interest Determination Date determine the Rate of Interest and calculate the amount of interest payable (the **Amount of Interest**) for the relevant Interest Period. "**Rate of Interest**" means the rate which is determined in accordance with the provisions of paragraph 1.1(a) above. The Amount of Interest payable per Note shall be calculated by applying the Rate of Interest to the Nominal Amount, multiplying such product by the actual number of days in the Interest Period concerned divided by 360 and rounding the resulting figure to the nearest amount of the above-mentioned Specified Currency which is available as legal tender in the country or countries (in the case of the Euro) of the Specified Currency (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties;

- (c) the period beginning on and including the Issue Date and ending on but excluding the first Interest Payment Date and each successive period beginning on and including an Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date is called an **Interest Period** for the purposes of this paragraph; and
 - (d) the Issuer will procure that a notice specifying the Rate of Interest payable in respect of each Interest Period be published as soon as practicable after the determination of the Rate of Interest. Such notice will be delivered to the clearing system(s) in which this Global Note is held at the relevant time or, if this Global Note has been exchanged for bearer definitive Notes pursuant to paragraph 19 below, will be published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*).
- 15. On any payment of principal being made in respect of, or purchase and cancellation of, any of the Notes represented by this Global Note, the Issuer shall procure that:
 - (a) if this Global Note indicates that it is intended to be issued in New Global Note form, details of such payment or purchase and cancellation (as the case may be) shall be entered pro rata in the records of each relevant clearing system and, upon any such entry being made, the nominal outstanding amount of the Notes recorded in the records of the relevant clearing system and represented by this Global Note shall be reduced by the aggregate nominal amount of the Notes so redeemed or purchased and cancelled (as the case may be); or
 - (b) if this Global Note indicates that it is not intended to be issued in New Global Note form, details of such payment or purchase and cancellation (as the case may be) shall be entered by or on behalf of the Issuer in Schedule 2 hereto (such entry being prima facie evidence that the payment or, as the case may be, relevant purchase and cancellation in question has been made) and the relevant notation in Schedule 2 hereto recording any such payment or, as the case may be, purchase and cancellation shall be signed by or on behalf of the Issuer. Upon any such purchase and cancellation, the nominal amount of the Notes represented by this Global Note shall be reduced by the nominal amount of the Notes so purchased and cancelled.
- 16. If the proceeds of this Global Note are accepted in the United Kingdom, the Nominal Amount shall be not less than £100,000 (or the equivalent in any other currency).
- 17. Instructions for payment must be received at the offices of the Issuing and Paying Agent together with this Global Note as follows:
 - (a) if this Global Note is denominated in Australian dollars, New Zealand dollars, Hong Kong dollars or Japanese Yen, at least two Payment Business Days prior to the relevant payment date; and
 - (b) in all other cases, at least one Payment Business Day prior to the relevant payment date.
- 18. This Global Note shall not be validly issued unless manually authenticated by the Issuing and Paying Agent and, if this Global Note is intended to be held in a manner which would allow Eurosystem eligibility as specified hereon, effectuated by the entity appointed as common safekeeper in respect of the Notes.
- 19. Notices relating to the Notes represented by this Global Note will be delivered to any ICSD in which this Global Note is held at the relevant time. If this Global Note has been exchanged for bearer definitive Notes pursuant to paragraph 10 above, such notices will be published in a

leading English language daily newspaper published in London (which is expected to be the *Financial Times*).

20. This Global Note and all non-contractual obligations arising out of or in connection with it shall be governed by, and construed in accordance with, English law.

(b) Appropriate forum

The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

To the extent allowed by law, the bearer may take concurrent Proceedings in any number of jurisdictions.

(d) Process agent

The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to Ferrocop UK Limited at 3rd Floor, Building 5, Chiswick Business Park, 566 Chiswick Park, London, England, W4 5YS, or, if different, its registered office for the time being or at any address of the Issuer in Great Britain at which process may be served on it. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of the bearer addressed to the Issuer and delivered to the Issuer or to the offices of the Issuing and Paying Agent, appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, the bearer shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the offices of the Issuing and Paying Agent. Nothing in this paragraph shall affect the right of the bearer to serve process in any other manner permitted by law. This paragraph applies to Proceedings in England and to Proceedings elsewhere.

21. No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Global Note, but this does not affect any right of remedy of a third party which exists or is available apart from that Act.

1. For value received, Ferrovial SE (the **Issuer**) promises to pay to the bearer of this Note on the above-mentioned Maturity Date the above-mentioned Nominal Amount, together with interest thereon at the rate and at the times (if any) specified herein.

All such payments shall be made in accordance with an Issuing and Paying Agency Agreement dated 31 July 2023 (the **Agency Agreement**) between the Issuer and The Bank of New York Mellon, London Branch (the **Issuing and Paying Agent** together with their successors in such capacity and any other paying agents appointed by the Issuer on the terms of the Issuing and Paying Agency Agreement, the **Paying Agents**), a copy of which is available for inspection during normal business hours at the offices of the Issuing and Paying Agent at 160 Queen Victoria Street, London, EC4V 4LA, United Kingdom (or by email, following the holder's prior written request and provision of proof of holding and identity (in a form satisfactory to the Issuing and Paying Agent)) and subject to and in accordance with the terms and conditions set forth below.

All such payments shall be made upon presentation and surrender of this Note at the office of the Issuing and Paying Agent referred to above, or at the office of any other paying agent appointed for the purpose from time to time by the Issuer in accordance with the Agency Agreement, by transfer to an account denominated in the Specified Currency maintained by the bearer (i) a bank in the principal financial centre in the country of the Specified Currency or, (ii) if this Note is denominated or payable in euro by transfer to a euro account (or any other account to which euro may be credited or transferred) maintained by the payee with a bank in the principal financial centre of any member state of the European Union.

Notwithstanding the foregoing, presentation and surrender of this Global Note shall be made outside the United States and no amount shall be paid by transfer to an account in the United States, or mailed to an address in the United States. In the case of a Global Note denominated in U.S. dollars, payments shall be made by transfer to an account denominated in U.S. dollars in the principal financial centre of any country outside of the United States that the Issuer or Issuing and Paying Agent so chooses.

2. All payments in respect of this Note by or on behalf of the Issuer shall be made without set-off, counterclaim, fees, liabilities or similar deductions, and free and clear of, and without deduction or withholding for or on account of any taxes, levies, duties, assessments or charges of any nature now or hereafter imposed, levied, collected, withheld or assessed by the Netherlands and/or any other jurisdiction through or from which such payments are made or any political subdivision or any taxing authority thereof or therein (**Taxes**) unless such deduction or withholding is required by law. If the Issuer is required by law or regulation to make any deduction or withholding for or on account of Taxes, the Issuer shall, to the extent permitted by applicable law or regulation, pay such additional amounts as shall be necessary in order that the net amounts received by the bearer of this Note or the holder or beneficial owner of any interest herein or rights in respect hereof, after such deduction or withholding shall equal the

amount which would have been receivable hereunder in the absence of such deduction or withholding, except that no such additional amounts shall be payable:

- (a) to, or to a third party on behalf of, the bearer of this Note or the holder or beneficial owner of any interest herein or rights in respect hereof where such deduction or withholding is required by reason of the holder having some connection with the Netherlands other than the mere holding of and payment in respect of this Note; or
- (b) in respect of any deduction or withholding which would not have been required but for the presentation by the bearer of this Note for payment on a date more than 15 days after the Maturity Date or, if applicable, the relevant Interest Payment Date or (in either case) the date on which payment hereof is duly provided for, whichever occurs later; or
- (c) to, or to a third party on behalf of, a holder who is able to lawfully avoid such withholding or deduction by satisfying any statutory requirements or by making a declaration of non-residence or other similar claim for exemption to the relevant tax authority (but fails to do so); or
- (d) where such withholding or deduction is required to be made pursuant to the Dutch Withholding Tax Act 2021 (*Wet bronbelasting 2021*); or
- (e) to, or to a third party, on behalf of, a holder who would have been able to fully or partially avoid such withholding or deduction by (i) presenting this Note to another paying agent in a member state of the European Union or (ii) authorising the relevant paying agent to report information in accordance with the procedure laid down by the relevant tax authority or by delivering, in the form required by the relevant tax authority, a declaration, claim, certificate, document or other evidence establishing exemption or reduction therefrom.

Notwithstanding any other provision of this Note, in no event will the Issuer be required to pay any additional amounts in respect of the Notes for, or on account of, any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended, (the **Code**), or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, or any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

3. If the Maturity Date or, if applicable, the relevant Interest Payment Date is not a Payment Business Day (as defined herein), payment in respect hereof will not be made and credit or transfer instructions shall not be given until the next following Payment Business Day (unless that date falls more than 364 days after the Issue Date, in which case payment shall be made on the immediately preceding Payment Business Day) and the bearer of this Note or the holder or beneficial owner of any interest herein or rights in respect hereof shall not be entitled to any interest or other sums in respect of such postponed payment.

As used in this Note:

Payment Business Day, as used herein, shall mean (a) in relation to any sum payable in euro, a day on which the Trans-European Automated Real-Time Gross Settlement Express Transfer (**T2**) System or any successor thereto (the **T2 System**) is open for the settlement of payments in euro (a **T2 Business Day**); or (b) in relation to a payment to be made other than in euro, any day other than a Saturday or Sunday a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign

exchange and foreign currency deposits) in the principal financial centre of the country of the Specified Currency set out above,

provided that if the Issuing and Paying Agent determines with the agreement of the Issuer that the market practice in respect of euro denominated internationally offered securities is different from that specified above, the above shall be deemed to be amended so as to comply with such market practice and the Issuing and Paying Agent shall procure that a notice of such amendment is published in accordance with paragraph not less than 15 days prior to the date on which any payment in euro falls due to be made in such manner as the Issuing and Paying Agent may determine.

4. The Issuer or any subsidiary of the Issuer may at any time purchase Notes in the open market or otherwise and at any price.
5. All Notes so purchased by the Issuer or otherwise than in the ordinary course of business of dealings in securities or as a nominee shall be cancelled and shall not be reissued or resold. All Notes so purchased by any subsidiary of the Issuer may be cancelled, held by such subsidiary or resold.
6. The payment obligation of the Issuer represented by this Note constitutes and at all times shall constitute a direct and unsecured obligation of the Issuer ranking at least *pari passu* with all other present and future unsecured and unsubordinated indebtedness of the Issuer other than obligations preferred by mandatory provisions of law applying to companies generally.
7. This Note is negotiable and, accordingly, title hereto shall pass by delivery and the bearer shall (except as otherwise required by applicable law or regulatory requirements) be treated as being absolutely entitled to receive payment upon due presentation hereof (notwithstanding any notation of ownership or other writing hereon or notice of any previous loss or theft thereof) free and clear of any equity, set-off or counterclaim on the part of the Issuer against any previous bearer hereof.
8. If this is a fixed interest bearing Note, then:
 - (a) notwithstanding the provisions of paragraph 1 above, if any payment of interest in respect of this Note falling due for payment prior to the Maturity Date remains unpaid on the fifteenth day after falling so due, the amount referred to in paragraph 1 shall be payable on such fifteenth day;
 - (b) upon each payment of interest (if any) prior to the Maturity Date in respect of this Note, the Schedule 1 hereto shall be duly completed by the Issuing and Paying Agent to reflect such payment;
 - (c) payments due in respect of Notes for the time being represented by this Note shall be made to the bearer of this Note and each payment so made will discharge the Issuer's obligations in respect thereof. Any failure to make the entries referred to in paragraph 8(b) above shall not affect such discharge; and
 - (d) if no Interest Payment Dates are specified on the face of this Note, the Interest Payment Date shall be the Maturity Date.
9. If this is a fixed rate interest bearing Note, interest shall be calculated on the Nominal Amount as follows:

- (a) interest shall be payable on the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days or, if this Note is denominated in Sterling, 365 days at the above-mentioned Fixed Interest Rate with the resulting figure being rounded to the nearest amount of the above-mentioned Specified Currency which is available as legal tender in the country or countries (in the case of the euro) of the Specified Currency (with halves being rounded upwards); and
- (b) the period beginning on (and including) the Issue Date and ending on (but excluding) the first Interest Payment Date and each successive period beginning on (and including) an Interest Payment Date and ending on (but excluding) the next succeeding Interest Payment Date is an **Interest Period** for the purposes of this paragraph.

10. If this is a floating rate interest bearing Note, interest shall be calculated on the Nominal Amount as follows:

- (a) the Rate of Interest will be the aggregate of EURIBOR and the Margin (if any) above or below EURIBOR. Interest shall be payable on the Nominal Amount in respect of each successive Interest Period (as defined below) from the Issue Date to the Maturity Date only, in arrear on the relevant Interest Payment Date, on the basis of the actual number of days in such Interest Period and a year of 360 days.

As used in this Note:

EURIBOR shall be equal to EUR-EURIBOR-Reuters (as defined in the 2006 ISDA Definitions) or EUR-EURIBOR (as defined in the 2021 ISDA Definitions) as at 11:00 a.m. (Brussels time) or as near thereto as practicable on the second T2 Business Day before the first day of the relevant Interest Period (a **EURIBOR Interest Determination Date**), as if the Reset Date (as defined in the ISDA Definitions) were the first day of such Interest Period and the Designated Maturity (as defined in the ISDA Definitions) were the number of months specified on the face of this Note in relation to the Reference Rate; and

ISDA Definitions means the 2021 ISDA Definitions published by the International Swaps and Derivatives Association, Inc., as amended, updated or replaced at the Issue Date,

- (b) the Calculation Agent will, as soon as practicable after 11:00 a.m. (Brussels time) on each EURIBOR Interest Determination Date determine the Rate of Interest and calculate the amount of interest payable (the **Amount of Interest**) for the relevant Interest Period. "**Rate of Interest**" means the rate which is determined in accordance with the provisions of paragraph 10(a) above. The Amount of Interest payable per Note shall be calculated by applying the Rate of Interest to the Nominal Amount, multiplying such product by the actual number of days in the Interest Period concerned divided by 360 and rounding the resulting figure to the nearest amount of the above-mentioned Specified Currency which is available as legal tender in the country or countries (in the case of the Euro) of the Specified Currency (with halves being rounded upwards). The determination of the Rate of Interest and the Amount of Interest by the Calculation Agent shall (in the absence of manifest error) be final and binding upon all parties;
- (c) the period beginning on and including the Issue Date and ending on but excluding the first Interest Payment Date and each successive period beginning on and including an

Interest Payment Date and ending on but excluding the next succeeding Interest Payment Date is called an **Interest Period** for the purposes of this paragraph; and

- (d) the Issuer will procure that a notice specifying the Rate of Interest payable in respect of each Interest Period be published as soon as practicable after the determination of the Rate of Interest. Such notice will be delivered to the bearer of this Note or, if that is not practicable, will be published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*).
11. If the proceeds of this Note are accepted in the United Kingdom, the Principal Amount or Minimum Redemption Amount (as applicable) shall be not less than £100,000 (or the equivalent in any other currency).
 12. Instructions for payment must be received at the offices of the Issuing and Paying Agent together with this Note as follows:
 - (a) if this Note is denominated in Australian dollars, New Zealand dollars, Hong Kong dollars or Japanese Yen, at least two Payment Business Days prior to the relevant payment date; and
 - (b) in all other cases, at least one Payment Business Day prior to the relevant payment date.
 13. This Note shall not be validly issued unless manually authenticated by the Issuing and Paying Agent.
 14. No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Note, but this does not affect any right of remedy of a third party which exists or is available apart from that Act.
 15. This Note and any non-contractual obligations arising out of or in connection with it shall be governed by, and construed in accordance with, English law.
 16. This Note and all non-contractual obligations arising out of or in connection with it shall be governed by, and construed in accordance with, English law.

(a) **English courts**

The courts of England have exclusive jurisdiction to settle any dispute arising from or connected with this Note (including a dispute relating to the existence, validity or termination of this Note or any non-contractual obligation arising out of or in connection with this Note) or the consequences of its nullity (a **Dispute**).

(b) **Appropriate forum**

The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.

(c) **Rights of the bearer to take proceedings outside England**

Paragraph 1620(a) above is for the benefit of the bearer only. As a result, nothing in this paragraph 16 prevents the bearer from taking proceedings relating to a Dispute (**Proceedings**) in any other courts with jurisdiction. To the extent allowed by law, the bearer may take concurrent Proceedings in any number of jurisdictions.

(d) Process agent

The Issuer agrees that the documents which start any Proceedings and any other documents required to be served in relation to those Proceedings may be served on it by being delivered to Ferrocorp UK Limited at 3rd Floor, Building 5, Chiswick Business Park, 566 Chiswick Park, London, England, W4 5YS, or, if different, its registered office for the time being or at any address of the Issuer in Great Britain at which process may be served on it. If such person is not or ceases to be effectively appointed to accept service of process on behalf of the Issuer, the Issuer shall, on the written demand of the bearer addressed to the Issuer and delivered to the Issuer or to the offices of the Issuing and Paying Agent, appoint a further person in England to accept service of process on its behalf and, failing such appointment within 15 days, the bearer shall be entitled to appoint such a person by written notice addressed to the Issuer and delivered to the Issuer or to the offices of the Issuing and Paying Agent. Nothing in this paragraph shall affect the right of the bearer to serve process in any other manner permitted by law. This paragraph applies to Proceedings in England and to Proceedings elsewhere.
